Gangster Skull

Construction & fabrication

Gangster Skull is a 2.5-metre-tall suit puppet.

His mobster styled suit and tie combo cover his silver chromatic body. With striking customisable coloured LED eyes in his unique oversized skull face, the puppeteer also controls his arms with hidden rods. The rest of Gangster's movements incur naturally and fluidly with the puppeteer's body. The broad inflatable body has two inbuilt fans to keep him inflated.

Message

Gangster Skull is an entertaining, "Godfather-like" character that crowds adore. He is always up to get the party started.

Performance

Gangster Skull is extremely versatile. Performance options are endless as he can be used to roam, perform on-stage, interact with crowds, have photo opportunities, or perform his choreographed dances to audiences.

Gangster's large hands enable him to hold multiple items such as his cigar, or wad of cash. Other

items may be customised to client's needs on request.

Performances run from 20 to 30 minutes and our performers require a 30-minute break between shows*.
