With the curiosity of children, these Giant Eyeballs from out of town are here to learn, investigate and catalogue what they can about life on our planet. Roving through crowds, their inquisitive interactions will delight every audience. They come equipped with handmade unique instruments to aid their discoveries.

# The Occulus

## Construction & Fabrication

The Occulus have large, foam-sculpted eyeball heads that feature a single large perspex eyeball.

They wear matching “shattered glass” style fabric bodysuits and custom made foam boots. Their head to toe reflective iridescent covering makes them a spectacular highlight at an event and ensures that the performers really stand out even when interacting in large crowds.

The light-weight foam construction allows the puppeteers to undertake complex, energetic movements during a show.

## The Team

There are 3 members of The Occulus’ team, including:

- 3 professional puppeteers

A minimum 30-minute break for our puppeteers is required after each performance, with a space where they can stretch and warm up.

Performance times are flexible due to event requirements. Please contact us for more information.

# The Oculus

## Performance

- Each performance of The Oculus runs for 45 minutes.
- The Oculus are energetic performers who can rove a large area during a show.
- Inquisitive explorers, The Oculus engage with the audience in order to discover and catalogue new information, using creative unique investigative devices.
- Their iridescent “shattered glass” body suits catch the light to capture audience’s attention
- The puppeteers will assess the audience for interaction possibilities. These cheeky characters will grab any opportunity to create a fun moment with the crowd.

## Technical Requirements

- The Oculus are highly mobile on almost any surface. They are skilled at navigating crowds and finding their way in high volume attended events.
- Performance area to accommodate the 3 performers and their energetic routines. There should be ample space to move plus room for the audience to watch from a safe perspective.
- A safe, private area where The Oculus can prepare prior to their performance.

To discuss how you can work with us to deliver your event, please get in touch for an obligation-free quotation.
